II.2.4) Description of the procurement at the time of conclusion of the contract:

The contracting authority secured funding from the Government's Life Chances Fund. The LCF was launched in July 2016 with the objective of tackling entrenched social issues and helping those who face the most significant barriers to leading happy and productive lives. The fund is structured as a social impact bond ('SIB') and channels external investment into interventions to tackle social issues. Investors are then repaid by local authorities on the basis of specified social outcomes being achieved.

As such, the contracting authority used a PIN as a call for competition to seek expressions of interest from economic operators, with the relevant experience and ability, to work with us, at risk, to co-design, develop and deliver the Kirklees Intervention and Support Service ('KISS') (the 'Service'), to develop through a SIB via collaboration with an investment partner.

The service has been developed through a social impact bond ('SIB') via collaboration with an investment partner, Bridges Fund Management. Bridges Fund Management worked with KMC to co-design and develop the intervention and support service, to improve outcomes and life chances for vulnerable people which will then reduce the likelihood of their future need to access costly crisis interventions.

Bridges Fund Management have set up Kirklees Better Outcomes Partnership (KBOP) as a social enterprise to act as an 'economic operator' responsible for commissioning specialist service providers to deliver the Kirklees Intervention and Support Service (KISS). KBOP will be the prime contractor with the council and will sub contract with frontline delivery providers.

The contract was awarded by a process akin to the competitive procedure with negotiation. The total estimated outcome payments of the contract are up to a maximum of £22,300,000 over the life of the contract. This project is being co-funded by the Life Chances Fund and amounts include their top up contribution.

There will be a requirement that the terms and conditions of the Life Chances Fund Award are met. This is a payment for outcomes contract, and the rate card has been developed and agreed in partnership between the Council and Bridges Fund Management.

The duration of the contract will be up to 60 months, with all outcome payments being drawn down by 30/09/2024. The contract will commence 02/09/2019 with an operational

period end date of 31/03/2024, and a contract expiry date of 3 months after the operational period on 30/06/2019. There is an option to extend the operational period for a further period of 6 months.

The strategic and operational drivers for developing the service include:

- improving preventative services and outcomes for some of our most vulnerable and chaotic residents, to move towards more hopeful, healthy, socially connected and economically active lives,
- reducing the use of costly crisis intervention services across the public sector (in housing, social care, criminal justice, welfare and health), releasing resources to deliver cost effective preventative services,
- to drive innovation and test new ways of commissioning services by collaborating with investment and third sector partners - benefiting from our collective expertise, challenge and shared resources - to investigate and evidence using a SIB approach, and
- to provide a more holistic, inclusive service that removes inefficiencies, duplications, artificial competition and gaps in addressing need in the legacy housing support that KISS will replace is described below.

The programme will be expected to provide support for up to 6 300 service users over the duration of the contract, at a rate of approximately 1 260 per annum.

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Extension of the Contract beyond the maximum expiry date of 30/09/2024 by a further 6 months to 31/03/2025.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Uncertainties around the future of the service and funding availability prevented the contract from being re-tendered during 2023/24.

The current contract has been extended by a further 6 months to 31/03/2025, beyond the contractual extension provision of 6 months that was provided for in the contract to 30/09/24, to allow further time to conduct an analysis of the service outcomes and obtain the relevant decisions/approvals determining the future of the KISS contract.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £22,300,000

Total contract value after the modifications

Value excluding VAT: £24,433,449
