Scope

Title

Logistics planning tool (replacement for rostering and mutual aid systems)

Reference

P-30294

Description

The Logistics Planning Tools (LPT) project's vision is to deliver strategic incident management resourcing tool(s) for incident management, including both people and equipment. The project is intended to ensure our tools and ways of working can support logistical planning and coordination so that the right resources can be planned, requested, and directed to the right locations in advance of when they're needed. The LPT is made up of two principal services: staff rostering and equipment sharing.
