II.1.1) Title

Research Consultancy Services

Reference number

24-FW-001-MM-28

II.1.2) Main CPV code

- 73110000 - Research services

II.1.3) Type of contract

Services

II.1.4) Short description

A regulated ("Open") tender to establish a multi-lot, multi-supplier framework agreement for the provision of research consultancy services.

II.1.5) Estimated total value

Value excluding VAT: £5,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Qualitative Research Services

Lot No

2

II.2.2) Additional CPV code(s)

- 73110000 - Research services
- 73210000 - Research consultancy services
- 73300000 - Design and execution of research and development
- 79300000 - Market and economic research; polling and statistics
- 79310000 - Market research services
- 79311400 - Economic research services
- 79315000 - Social research services
- 90713000 - Environmental issues consultancy services

II.2.3) Place of performance

NUTS codes

- UKM77 - Perth & Kinross and Stirling

Main site or place of performance

Performance of the framework may be from a location identified by the contractor that is suitable and appropriate to the requirements.

II.2.4) Description of the procurement

Lot 2 – Qualitative Research Services of this framework agreement will be used for the collection and / or analysis of non-numerical data (e.g., text, video, or audio) to explore and understand concepts, opinions, attitudes, behaviours, or experiences, and to gather in-depth insights into a problem or generate new ideas for research.

Services will be requested under this Lot on a Call Off basis in accordance with the information provided the Lot Specification only.

We anticipate the appointment of between three (3) and five (5) suppliers to Lot 1 of this framework agreement.

This number is intended to provide sufficient capacity and capability for delivery of services under this Lot during the period of this framework agreement.

We reserve the right to appoint more / fewer suppliers to this Lot dependent upon the number of tender responses received that meet the minimum threshold for qualification.

Zero Waste Scotland is unwilling and unable to guarantee that any services will be requested under this Lot or that any Call Offs will be awarded to any supplier at any time during the period of this framework agreement.

Further details on the requirements and expectations for this Lot are available from the procurement documents provided on the Public Contracts Scotland Tender (PCS-T) web portal.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 85

Price - Weighting: 15

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

22 April 2024

End date

21 April 2026

This contract is subject to renewal

Yes

Description of renewals

Two (2) extension options of twelve (12) months are provided for this framework agreement, with the maximum possible end date being Friday 21 April 2028.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The potential for additional / optional services to be requested under this Lot is identified in the Lot Specification.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

Economic operators may be excluded from this competition if they are in any of the situations referred to in regulation 58 of the Public Contracts (Scotland) Regulations 2015.

II.2) Description

Quantitative Research Services

Lot No

1

II.2.2) Additional CPV code(s)

- 79300000 - Market and economic research; polling and statistics
- 79310000 - Market research services
- 79311400 - Economic research services
- 79315000 - Social research services
- 73300000 - Design and execution of research and development
- 90713000 - Environmental issues consultancy services
- 73110000 - Research services
- 73210000 - Research consultancy services

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

Main site or place of performance

Performance of the framework may be from a location identified by the contractor that is suitable and appropriate to the requirements.

II.2.4) Description of the procurement

Lot 1 – Quantitative Research Services of this framework agreement will be used for the collection, study and / or analysis of the relationship between variables, making it possible for the Client to draw generalisations and make predictions based on the data.

Services will be requested under this Lot on a Call Off basis in accordance with the information provided the Lot Specification only.

We anticipate the appointment of between three (3) and five (5) suppliers to Lot 1 of this framework agreement.

This number is intended to provide sufficient capacity and capability for delivery of services under this Lot during the period of this framework agreement.

We reserve the right to appoint more / fewer suppliers to this Lot dependent upon the number of tender responses received that meet the minimum threshold for qualification.

Zero Waste Scotland is unwilling and unable to guarantee that any services will be requested under this Lot or that any Call Offs will be awarded to any supplier at any time during the period of this framework agreement.

Further details on the requirements and expectations for this Lot are available from the procurement documents provided on the Public Contracts Scotland Tender (PCS-T) web portal.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 85

Price - Weighting: 15

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

22 April 2024

End date

21 April 2026

This contract is subject to renewal

Yes

Description of renewals

Two (2) extension options of twelve (12) months are provided for this framework agreement, with the maximum possible end date being Friday 21 April 2028.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The potential for additional / optional services to be requested under this Lot is identified in the Lot Specification.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Mixed Methods Research Services

Lot No

3

II.2.2) Additional CPV code(s)

- 73110000 - Research services
- 73210000 - Research consultancy services
- 73300000 - Design and execution of research and development

- 79300000 - Market and economic research; polling and statistics
- 79310000 - Market research services
- 79311400 - Economic research services
- 79315000 - Social research services
- 90713000 - Environmental issues consultancy services

II.2.3) Place of performance

NUTS codes

- UKM77 - Perth & Kinross and Stirling

Main site or place of performance

Performance of the framework may be from a location identified by the contractor that is suitable and appropriate to the requirements.

II.2.4) Description of the procurement

Lot 3 – Mixed Methods Research Services of this framework agreement will be used to triangulate results and gain a more complete picture than a standalone quantitative or qualitative study by integrating the benefits of both methods. It may also be used to support delivery of a structured and rigorous Rapid Evidence Review where appropriate.

Services will be requested under this Lot on a Call Off basis in accordance with the information provided the Lot Specification only.

We anticipate the appointment of between three (3) and five (5) suppliers to Lot 1 of this framework agreement.

This number is intended to provide sufficient capacity and capability for delivery of services under this Lot during the period of this framework agreement.

We reserve the right to appoint more / fewer suppliers to this Lot dependent upon the number of tender responses received that meet the minimum threshold for qualification.

Zero Waste Scotland is unwilling and unable to guarantee that any services will be requested under this Lot or that any Call Offs will be awarded to any supplier at any time during the period of this framework agreement.

Further details on the requirements and expectations for this Lot are available from the procurement documents provided on the Public Contracts Scotland Tender (PCS-T) web

portal.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 15

Price - Weighting: 15

Start date

22 April 2024

End date

21 April 2026

This contract is subject to renewal

Yes

Description of renewals

Two (2) extension options of twelve (12) months are provided for this framework agreement, with the maximum possible end date being Friday 21 April 2028.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The potential for additional / optional services to be requested under this Lot is identified in the Lot Specification.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

Economic operators may be excluded from this competition if they are in any of the situations referred to in regulation 58 of the Public Contracts (Scotland) Regulations 2015.

II.2) Description

II.2.1) Title

Third Party Review (Managed Service)

Lot No

4

II.2.2) Additional CPV code(s)

- 73110000 - Research services
- 73210000 - Research consultancy services
- 72224000 - Project management consultancy services
- 79400000 - Business and management consultancy and related services
- 79421000 - Project-management services other than for construction work

II.2.3) Place of performance

NUTS codes

- UKM77 - Perth & Kinross and Stirling

Main site or place of performance

Performance of the framework may be from a location identified by the contractor that is suitable and appropriate to the requirements.

II.2.4) Description of the procurement

Lot 4 – Third Party Review (Managed Service) of this framework agreement may be used by the Client for the purposes of arranging independent third party review of outputs arising from any project that the Client is involved with, whether directly as a result of a Call Off Contract under this framework agreement or indirectly from any other project activity.

Services will be requested under this Lot on a Call Off basis in accordance with the

information provided the Lot Specification only.

We anticipate the appointment of a single supplier to Lot 4 of this framework agreement. However, we reserve the right to appoint more / fewer suppliers to this Lot dependent upon the number of tender responses received that meet the minimum threshold for qualification.

Zero Waste Scotland is unwilling and unable to guarantee that any services will be requested under this Lot or that any Call Offs will be awarded to any supplier at any time during the period of this framework agreement.

Further details on the requirements and expectations for this Lot are available from the procurement documents provided on the Public Contracts Scotland Tender (PCS-T) web portal.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 90

Price - Weighting: 10

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

22 April 2024

End date

21 April 2026

This contract is subject to renewal

Yes

Description of renewals

Two (2) extension options of twelve (12) months are provided for this framework agreement, with the maximum possible end date being Friday 21 April 2028.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

Economic operators may be excluded from this competition if they are in any of the situations referred to in regulation 58 of the Public Contracts (Scotland) Regulations 2015.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

IV.2.1) Previous publication concerning this procedure

Notice number: [2023/S 000-016587](#)

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

22 January 2024

Local time

10:00am

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 3 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

22 January 2024

Local time

10:00am

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

Please read the instructions provided in this Contract Notice and all the procurement documents, including where provided in response to the question or clarification.

Any questions or clarifications must be raised using the messaging facility provided for this procurement procedure on the PCS-T web portal only.

Direct approaches to Zero Waste Scotland or any of its management or staff regarding this procurement procedure may be considered an attempt to influence the outcome of this procurement procedure and may lead to your tender submission being disqualified.

Your tender submission may be ruled non-compliant where you fail to follow the instructions and / or use the template documents provided in the procurement documents, unless alternative instructions and / or approaches to preparing a tender response have been agreed and communicated as appropriate through the PCS-T web portal for the procurement procedure.

Responses to the SPD (Scotland) module will be evaluated using the scoring methodologies identified in the "ITT-4 Supplier Selection" document only.

Technical responses will be scored using the Scottish Government's recommended scoring convention, reproduced below and in the procurement documents for information:

4 – Excellent: Response is completely relevant and excellent overall. The response is comprehensive, unambiguous and demonstrates a thorough understanding of the requirement and provides details of how the requirement will be met in full.

3 – Good: Response is relevant and good. The response is sufficiently detailed to demonstrate a good understanding and provides details on how the requirements will be fulfilled.

2 – Acceptable: Response is relevant and acceptable. The response addresses a broad understanding of the requirement but may lack details on how the requirement will be fulfilled in certain areas.

1 – Poor: Response is partially relevant but generally poor. The response addresses some elements of the requirement but contains insufficient / limited details or explanation to demonstrate how the requirement will be fulfilled.

0 – Unacceptable: Nil or inadequate response. Fails to demonstrate an ability to meet the requirement.

An anticipated timetable for this procurement procedure is provided in the procurement documents. Zero Waste Scotland will inform all tenderers of decisions or delays at the

same time, by email to the nominated contract only as identified in your tender submission. Please do not contact Zero Waste Scotland following the deadline for tender submissions to enquire if or when a decision will be made as we are generally unable and unwilling to respond.

The buyer is using PCS-Tender to conduct this ITT exercise. The Project code is 25202. For more information see:

<http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2343>

The Contracting Authority does not intend to include a sub-contract clause as part of community benefits (as per Section 25 of the Procurement Reform (Scotland) Act 2014) in this contract for the following reason:

The Contractor will be required to ensure that they always deploy suitably qualified, trained, experienced and, where appropriate, supervised Staff in the performance of the framework agreement and the provision of Services under a Call Off Contract. This may be through subcontract arrangements as appropriate.

Please refer to Condition 19 (Assignment and Subcontracting) for further details of requirements where subcontracting under this framework agreement.

Community benefits are included in this requirement. For more information see:

<https://www.gov.scot/policies/public-sector-procurement/community-benefits-in-procurement/>

A summary of the expected community benefits has been provided as follows:

The expectations for community benefits through this framework agreement are identified in the Part A - The Specification document, in Section 1 (Framework Management) under "Sustainability".

(SC Ref:750470)

VI.4) Procedures for review

VI.4.1) Review body

Stirling Sheriff Court and Justice of the Peace Court

Stirling

Country

United Kingdom
