It is essential that the Training Provider be a 'Recognised Body' and have awarding powers granted under The Education (Recognised Bodies) (England) Order 2013. It is however recognised that the Training Provider may choose to use subcontractors to deliver the breadth of training and educational services required.

The Training Provider or its chosen subcontractor(s) should have a proven track record of delivering Project Management Education to PhD / Master's Degree level and be a current

Association for Project Management (APM) Accredited Academic organisation. As the Project Academy evolves over the duration of this framework agreement, it is essential that the Training Provider work collaboratively with Sellafield Ltd to develop additional bespoke courses to meet demand.

The Framework Agreement will be between Sellafield Ltd and the successful Training Provider who will procure the services on behalf of the NDA Group of companies listed above. The Framework will be for a period of 6 years, with the option to extend for a further 3 to maximum of 9 years. The duration of the Framework Agreement ensures consistent outcomes for Sellafield Ltd in relation to technology, the development of bespoke courses, in flight learners and future learners and takes cognisance of the learning from experience (LfE) from the existing Project Academy Framework, which took several years to embed.

The estimated value is within a range of £15m to £18.2m across the 9 year duration, with £16.6m being the mid-point based on the anticipated scope and volume. Sellafield Ltd gives no guarantee as to the actual spend.

This procurement will be managed via the shared service Nuclear Decommissioning Authority (NDA) OneNDA eCommerce Systems powered by Atamis, which can be accessed via the URL <https://atamis-2464.my.site.com/s/Welcome>.
