Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Dewsbury Walk in Centre - NHS West Yorkshire Integrated Care Board (Kirklees Health and Care Partnership)

II.1.2) Main CPV code

- 85323000 - Community health services

II.1.3) Type of contract

Services

II.1.4) Short description

The aim of this service is to provide a walk-in facility for patients that require same day urgent care for an acute condition that may be dealt with in a single episode by a suitably trained advanced clinician. The provider will be required to provide walk-in services to patients for any appropriate medical needs to include some minor injury and minor ailments. This will include accepting signposted patients from the NHS111 service or other health and care services.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £750,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKE - Yorkshire and the Humber

Main site or place of performance

Service will be delivered within the Dewsbury District Hospitals site of the Mid Yorkshire Teaching Hospitals Trust (MYHT) Estate.

II.2.4) Description of the procurement

Direct award of 12-month lead provider contract for operation of Walk-In Centre on the site of Dewsbury District Hospital to Mid Yorkshire Teaching NHS Trust.

II.2.5) Award criteria

Cost criterion - Name: NA / Weighting: NA

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Commissioners are confident that an award of a new contract to a single provider without advertisement is justified and are satisfied that the overall contract is capable of being provided only by that provider. The Commissioner's guiding principles being:

- the requirement to commission services from those providers that are most capable of securing the needs of health care service users and improving the quality and efficiency of services, and that provide the best value for money in doing so.
- the requirement to consider appropriate means of improving NHS health care services.

The Commissioner has carried out a detailed review (as part of a wider review of long-term requirements) of the provision of this particular service in its local area in order to understand how this service can be improved in the short-term and, as part of that review, identified the most capable provider of this service.

The proposal developed a recommendation in respect of the lead provider for the Kirklees WIC, for the 12-month period of this contract. The review identified the following benefits of identifying this provider as the lead provider:

- The current Walk-In Centre is co-located on the MYTT estate within the Dewsbury District Hospital A&E department
- The co-location is alongside the main urgent care A&E provision and patients will continue to have appropriate triage and relevant care provided by the most appropriate service.
- The A&E and Walk in Centre teams and staff are already working collaboratively sharing internal processes to provide patient care
- As lead provider MYTT will maintain collaborative approaches and ensure more flexibility of service and workforce provision and clinical expertise at times of pressure,

such as winter.

- Improved performance and finance management
- This will aid future transformation and development of the future service model and delivery of the aims of the NHS Long Term Plan priorities.

The purpose of this direct award of contract is to allow continuation of this service in the short term, in line with the developments of the Urgent Care Agenda. Work during 2023 has progressed at pace to enable an urgent care model to be agreed for implementation, recognising that this is a significant area of transformation which will need to be undertaken in several phases due to the current financial climate and existing contractual arrangements.

In June 2023 it was agreed that whilst work to this point had been progressed collaboratively as a system, the priority development is in relation to the transformation of the existing Kirklees WIC. It is acknowledged that this phase of the programme needs to be developed in collaboration across the system, to ensure that the place WIC delivers consistent service outcomes to our populations and consistent access and pathways through our community and secondary care services.

Whilst acknowledging the collaborative approach required to ensure robust system service delivery, work is also required at 'Kirklees' place to ensure continuity of the WIC provision from April 2024 and the implementation of the appropriate contractual arrangements. The award of contract would therefore maintain urgent care access for patients through the time of transformational change to service provision.

This is a VEAT notice for the direct award of contract of 1 year to Mid Yorkshire Teaching NHS Trust.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

Title

Dewsbury Walk in Centre, KHCP

A contract/lot is awarded: Yes
