## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Security Services – Physical, Technical and Support Services

Reference number

RM6257

#### **II.1.2) Main CPV code**

- 79710000 - Security services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

Crown Commercial Service (CCS) has put in place an agreement for the provision of Security Services to be utilised by Central Government Departments and all other UK Public sector bodies, including local authorities, health, police, fire and rescue, education and devolved administrations.

This commercial agreement is the recommended vehicle for all Security services required by UK Central Government Departments and the Geographical delivery of services is International and UK wide.

The Framework Agreement has 4 lots:

Lot 1: Total Security

Lot 2: Guarding Services

Lot 3: Physical & Technical Services

Lot 4: Additional Services

The Framework Agreement will run for forty-two (42) months.

#### **II.1.6) Information about lots**

This contract is divided into lots: Yes

### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £3,000,000,000

## **II.2) Description**

### **II.2.1) Title**

Total Security Services

Lot No

1

### **II.2.2) Additional CPV code(s)**

3) Approved Customer list

4) Transparency Agenda

On 02/04/2014, Government introduced its Government Security Classifications (GSC) scheme which replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security classifications used. All bidders were required to make themselves aware of the changes as it may impact this requirement. This link provides information on the GSC at:

<https://www.gov.uk/government/publications/government-security-classifications>

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. To participate in this procurement, bidders were required to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.
