#### **II.1.4) Short description**

Brief description of the requirement:

The Greater London Authority London Elects team, on behalf of the GLRO, wishes to procure a Service Provider for the design, print, distribution and project management of approximately 18 million ballot papers ahead of polling day so that every eligible registered has the opportunity to vote, including attainers. Attainers are 16 and 17-year-olds who will turn 18 during this period. In order to ensure successful and timely delivery of the ballot papers, the Service Provider will also be responsible for the overall project management of these activities. This will include, but not be limited to, data management and liaison with relevant third parties and stakeholders such as London Elects, Transport for London (TfL) as the GLA's procurement service provider, individual London Boroughs and any subcontractors appointed for the project.

This exercise does not form part of any formal procurement process. All responses will be carefully considered but will not bind TfL to any particular approach to the procurement, nor will responses be treated as conveying any promise or commitment on the part of the respondent.
