### **Contract 1**

This contract will not be signed.

### **Date of decision not to sign contract**

26 March 2025

### **Reason for not signing contract**

This notice was published with the assumption that the same scope of works under a new contract with the same supplier would apply under the Procurement Act 2023. However, the contract, originally signed for a one-year term on 27th March 2024 and under the public procurement threshold, was governed by the Public Contracts Regulations 2015 (PCR 2015). The three year extension of the contract over the public procurement threshold was also based on PCR 2015. According to the Procurement Act

(Commencement No. 3 and Transitional and Saving Provisions) Regulations 2024, contracts entered into or for which the procurement commenced before the go-live date will continue to be governed by PCR 2015 and will be managed and modified according to those regulations.
