Description

Summary of Requirements:

The Bridges & Civil Structure Maintenance requirement is for planned preventative and reactive maintenance services including:

- Scope 1-Coating: The application of protective coatings to civils assets such as Brick, Masonry, Concrete structures, and Steelwork.
- Scope 2- Vegetation Management (non -track side)
- Scope 3- Cable Draw Pits maintenance.
- Scope 4- Four yearly Interventions to Assets

- Scope 5- Cable Posts: Intervention activities to cable posts including replacement of defective cable posts.
- Scope 6- Maintenance Interventions to Brick Tunnels, Covered Ways and Girders.
- Scope 7- Intervention activities to Cable Stiles.
- Scope 8- Inspection Planning and Support services.
- Scope 9- Replacement of missing/damaged Asset Identification (ID) plates.
- Fault Response and Reactive maintenance.

These services are critical in ensuring the safety of railway operations and the Bridges & Civil Structures Maintenance contract is pivotal in upholding safety standards and preventing accidents. Through maintaining these critical assets, TfL will ensure compliance with legal and regulatory requirements for Bridges and Structures, and through preventative maintenance this can mitigate risks associated with structural failures, service interruptions, and potential legal liabilities safeguarding the public, TfL and any other stakeholders that would interact with the Bridges & Structures.

Competitive flexible procedure description

The Procurement Process

TfL is conducting this procurement using the Competitive Flexible Procedure as described below to identify a service provider for the Bridges & Civil Structures Maintenance requirement:

(i) Invitation to Participate in the Conditions of Participation Stage via response to the Procurement Specific Questionnaire (PSQ):

A Project Specific Questionnaire (PSQ) stage will be used to shortlist up to 6 suppliers (or more if there is a tie(s)). Suppliers are required to complete the PSQ and provide all supporting documentation. TfL will evaluate the submissions against the stated criteria and suppliers will be ranked based on their total score.

If a bidder is not registered already on TfL's eTendering Platform, they will be required to self-register on the platform using the link provided in Section 3.7 of the ISPT which is restated here in the section named "Online e-Tendering Portal Supplier Self-Registration", and notify TfL via email address-BridgesandCivilStructuresMaintenance@tfl.gov.uk.

(ii) Invitation to Tender (ITT) Stage:

An Invitation to Tender (ITT) stage will be used to obtain a greater understand the suppliers capability and capacity to deliver the works. Suppliers are required to submit a

Technical and Commercial proposal which will be assessed against the criteria set out in the tender documentation.

(iii) Negotiations and/or Dialogue (ND) Stage (Discretionary)

(iv) Best & Final Offer (BAFO) (Discretionary)

(v) Invitation to Submit Last & Final Offer (LAFO) (Discretionary)

Online e-Tendering Portal Supplier Self-Registration:

All Bidders planning to participate in this tender will need to self-register their company as a supplier on the TfL's online e-Tendering portal at <https://service.ariba.com/Supplier.aw>.

Kindly refer any queries to BridgesandCivilStructuresMaintenance@tfl.gov.uk.

Please do not duplicate your registration if your company is already registered on TfL's online e-Tendering portal. Kindly ensure however, that all the contacts within your company that you would like to attend to the upcoming Tender are included as contacts on the same Portal.
