## Section VI. Complementary information

### VI.3) Additional information

The scope of the Framework covers purchases by Higher Education institutions, Further Education and Specialist Colleges and Research Council establishments in the UK, and by any other organisations connected to the Janet network, including Local Authorities, Regional Broadband Consortia, or other bodies whose core purpose is the support or advancement of further or higher education or of research.

The services are also available for use by any National Research and Education Network (NREN) and the community it serves where the NREN has either a direct connection to Janet or the NREN is a member at any time during the period of this framework of the consortium that operates GÉANT. GÉANT is the pan-European research and education network that interconnects Europe's NRENs. A list of members of the GÉANT consortium (GÉANT Partners) may be found at the URL below. GÉANT may also use this framework. As HEAnet, the NREN of the Republic of Ireland, is connected both to Janet and is a member of the GÉANT consortium, the framework is available for use by HEAnet, its subsidiaries, member institutions and customers to include schools serviced by the HEAnet school's network.

Many of the above organisations are members of higher and further education purchasing consortia. These consortia are independent organisations that provide a wide range of collaborative purchase agreements to their member institutions. Any member of one of these consortia will be eligible to purchase from this framework by virtue of its membership, as will members of any other similar purchasing consortium in higher or further education that might be formed during the lifetime of the framework.

Membership lists for existing higher and further education purchasing consortia may be found at:

### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

Jisc Services Limited incorporated a standstill period at the point information on the award of the contract was shared by means of a VEAT notice. This notification provided information on the award decision. The standstill period, which was for a minimum of 10 calendar days, provided time for suppliers to challenge the award decision before the contract was entered into. The Public Contracts Regulations 2015 article 91 provides for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland)
