- 500000000 - Repair and maintenance services

II.2.3) Place of performance

NUTS codes

- UKM62 - Inverness & Nairn and Moray, Badenoch & Strathspey

II.2.4) Description of the procurement

The Priory is a traditionally built solid masonry wall. The works are to be carried out on building gables and along length of wallheads between gables. Ground conditions internally are a stone flagged floor with horizontal memorial stones. Conditions are stable but provision should be made to protect all stone surfaces. Externally the ground is grass turf. However, there may be a requirement to provide some additional scaffolding within the priory to increase stability as well as buttresses to external scaffold to also increase stability. This will also ensure the fabric of the existing structure is not compromised. The scaffold must be free standing as no physical ties to the existing structure are permitted.

II.2.5) Award criteria
