Defence

Section II: Object of the contract

II.1) Description

II.1.1) Title attributed to the contract by the contracting authority

Project BRAKESTOP

II.1.2) Type of contract and location of works, place of delivery or of performance

Services

Service category No 3: Defence services, military defence services and civil defence services

NUTS code

- UK - United Kingdom

II.1.5) Short description of the contract or purchase(s)

This ITT aims to rapidly accelerate development of One-Way Effector (OWE) (Heavy) technology under the auspice of Project BRAKESTOP. This is an rapid capability requirement and as such we are looking for suppliers to operate at a speed of relevance and to take an agile approach.

The payload & casing, fusing/initiation device, test range and Government SME advice will be provided as GFX by the Authority. However, it should be noted that vendor proposed payloads will also be considered. The ground-based launch vehicle will also be provided. Other elements of GFX will also be considered. Further details will be provided at the bidders conference on 14th November 2024 (details to follow). The Authority recognises that a full OWE Heavy integration system may not currently exist with a single supplier and understands (but is not demanding) that the solution may be delivered by a consortia of companies from across the community of interest.

The intention is to address the lack of current options in the market by increasing the number of delivery-ready platforms in order to meet a high priority requirement. This will also support and develop the Authority's understanding of the potential capabilities and uses of such OWE Heavy systems/platforms in the longer term.

The Authority intends to fund and facilitate accelerated development of one or more OWE Heavy platform capabilities to meet or exceed the Authority's requirements.

Tenderers will submit proposals under a competitive ITT in order to secure funding to develop their platforms to the level of capability defined within the tender documentation.

II.1.6) Common procurement vocabulary (CPV)

- 73410000 - Military research and technology

Section III. Legal, economic, financial and technical information

III.2) Conditions for participation

III.2.1) Personal situation

Criteria regarding the personal situation of economic operators (that may lead to their exclusion) including requirements relating to enrolment on professional or trade registers

Information and formalities necessary for evaluating if the requirements are met: Suppliers Instructions How to Express Interest in this Tender:

1. Register your company on the eSourcing portal (this is only required once)

- Browse to the eSourcing Portal
- Click the "Click here to register" link
- Accept the terms and conditions and click "continue"
- Enter your correct business and user details
- Note the username you chose and click "Save" when complete
- You will shortly receive an email with your unique password (please keep this secure)

2. Express an Interest in the tender

- Login to the portal with the username/password
- Click the "ITTs Open to All Suppliers" link.
- Click on the relevant ITT to access the content.
- Click the "Express Interest" button in the "Actions" box on the left-hand side of the page.
- This will move the ITT into your "My ITTs" page. (This is a secure area reserved for your projects only)
- Click on the ITT code, you can now access any attachments by clicking the "Settings and Buyer Attachments" in the "Actions" box

3. Responding to the tender

- You can now choose to “Reply” or “Reject” (please give a reason if rejecting)
- You can now use the ‘Messages’ function to communicate with the buyer and seek any clarification
- Note the deadline for completion, then follow the onscreen instructions to complete the ITT
- There may be a mixture of online & offline actions for you to perform (there is detailed online help available)

If you require any further assistance please consult the online help, or contact the eTendering help desk.
