**II.1.4) Short description**

Thames Water's Capital Delivery business is planning to spend circa £790m on major

projects during AMP8. Thames will be holding a webinar to provide an overview of its anticipated major projects pipeline for AMP8. This webinar intends to provide further detail on the pipeline (where available), relating to the programme, delivery model, and key challenges & risks. The pipeline will also be shared periodically via a separate notice on the Find a Tender Service.

The pipeline is relatively fluid and therefore neither the publication of the anticipated pipeline, nor any of the information presented at the webinar, should be taken as a commitment or representation on the part of Thames Water Utilities Limited (or any other organisation) to enter into a contractual arrangement or to proceed with a procurement. Circumstances may change and we cannot guarantee that the requirements, contract value, and/or timeline will be as stated. Periodic pipeline publications and associated events will be used to provide visibility of the evolving Thames Water Capital Delivery major projects pipeline.

Suggested attendees for this webinar are tier 1 contractors who are interested in and capable of delivering major capital works projects typically ( £30m) for Thames Water in the UK.

For details on how to register your attendance and join the webinar, please see section II.2.14 of this notice.
