# I.4) Type of the contracting authority

Other type

NHS Trust

## I.5) Main activity

Health

# Section II: Object

# II.1) Scope of the procurement

#### II.1.1) Title

Cloud based patient pathway tracking management application.

Reference number

DBTH-CORP-LH-2022-23-1242

#### II.1.2) Main CPV code

• 48000000 - Software package and information systems

#### II.1.3) Type of contract

Supplies

#### II.1.4) Short description

There is a requirement for a discrete, user-friendly real time software application for the management and tracking of all pathways, including both Referral to Treatment (RTT) and non RTT, to ensure patients are prioritised, managed and tracked effectively in relation to urgency, clinical pathways and waiting time standards.

All patient pathway events and activity across the Trust would be fully integrated within the application, including (PAS) Patient Administration System events and diagnostics. The application will support identifying cohorts of patients for prioritisation through a range of user configurable reports, filters, flags and automatic alerts. The application will include dynamic operational work flow including task management and creating actions and events.

#### II.1.6) Information about lots

This contract is divided into lots: No

# II.2) Description

#### II.2.2) Additional CPV code(s)

• 48000000 - Software package and information systems

#### II.2.3) Place of performance

NUTS codes

• UKE31 - Barnsley, Doncaster and Rotherham

Main site or place of performance

Doncaster and Surrounding Areas

#### II.2.4) Description of the procurement

It will contain functionality for highlighting potential data quality issues, undertaking validation and reporting on the outcomes of the validation including supporting root cause analysis. The solution will contain a full audit trail.

The solution will support multi-roles including Validators, Medical Secretaries, Business Management, Booking and Scheduling, Information Managers etc.

The solution will contain management information reports designed for Operational users, Clinical and senior management.

All the data contained in the solution will be fully available to the Trust to access using their own reporting solutions such as importing into the Trust's data warehouse.

For the avoidance of doubt we are seeking a discrete stand-alone application which interfaces with trust existing systems, not an EPR system.

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

This contract is subject to renewal

No

## II.2.10) Information about variants

Variants will be accepted: No

#### II.2.11) Information about options

Options: No

#### II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

# **Section IV. Procedure**
