Other type

Public sector

I.5) Main activity

Environment

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Tyne Diffuse Investigation and Mitigation Methods

II.1.2) Main CPV code

- 90700000 - Environmental services

II.1.3) Type of contract

Services

II.1.4) Short description

This contract is to provide necessary services required to establish a programme of work which will identify areas of diffuse pollution that would benefit from 'green' engineering mitigation measures. The design and installation of methods to reduce any water runoff, prevent the erosion of the former spoil heaps and stop the mobilisation of contaminated sediment from entering the watercourse, thereby improving water quality standards in the Tyne catchment and at the Port of Tyne

II.1.5) Estimated total value

Value excluding VAT: £400

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 90700000 - Environmental services

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)

II.2.4) Description of the procurement

To provide necessary services required to establish a programme of work which will identify areas of diffuse pollution that would benefit from 'green' engineering mitigation measures. The design and installation of methods to reduce any water runoff, prevent the erosion of the former spoil heaps and stop the mobilisation of contaminated sediment from entering the watercourse, thereby improving water quality standards in the Tyne catchment and at the Port of Tyne.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £400

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

20 March 2023

End date

31 March 2026

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No
