As a result of this ASSURANCE process an agreement will be established with the successful Applicant(s) for a period of 1 year with the Commissioner having the option to extend the Contract a further 1 year, unless terminated earlier in accordance with the terms of the Contract and will be subject to an annual review period where the specification may be revised.

The contract does not guarantee any volume of activity or payment to a provider, as it is awarded on a zero value, zero volume basis and activity levels may differ during the period of service provision due to factors beyond the Commissioner's control. Payment will be based on actual activity delivered, paid at the specified tariff rates.

Currently there are no contracts in place for this service, therefore successful providers will be expected to be fully operational, providing services from 1st April 2023.
