Description

Invitation for competitive tender submissions for a single stage fixed price lump sum contract, for the IMO Front Barrier Replacement works 2025 described herein at the International Maritime Organization, 4 Albert Embankment, London, SE1 7SR.

The works are summarised as follows:

- Undertake a detailed site survey to verify and document the existing dimensions, layout, and positions of the barrier system and supporting posts.
- Temporary removal and disconnection of all existing electrical fittings and wiring.
- Design, supply and install new front barrier system with an elevated height to deter members of the public from sitting on the rails.

The outline scope of works following the above contractors design portion shall comprise, but is not limited to, the following:

- The contractor is to take full design responsibility for the design and installation of the new barrier rail system, as per the employer's requirements provided in the Appendix H of the tender documents.

Scheme is subject to planning approval and start date to be agreed on appointment

Total value (estimated)

- £25,000 excluding VAT
- £30,000 including VAT
