## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Waste Network Services Lot 6 - Rodent Control Services

Reference number

FA1421

#### **II.1.2) Main CPV code**

- 90922000 - Pest-control services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

Thames Water Utilities Ltd (TWUL) is seeking to establish a contract for the delivery of Waste Network Services (Lot 6) which includes Rodent Control Services. The Rodent Control Service contract is primarily designed to assist Thames Water's customers with their rodent issues by attempting to ascertain any issues with the sewerage system. The Service Provider will use a combination of CCTV sewer inspections, baiting & other investigation techniques to the extent required to produce a full rodent investigation report to Thames Water on the findings and next steps.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.2) Additional CPV code(s)**

- 90400000 - Sewage services
- 90922000 - Pest-control services

#### **II.2.3) Place of performance**

NUTS codes

- UKI - London
- UKJ - South East (England)

Main site or place of performance

The whole of the Thames Water region

#### **II.2.4) Description of the procurement**

This lot is for the provision of specialised rodent control services within the waste network. TWUL are seeking

a supplier to collaboratively work with them to deliver rodent control services to our customers. It is essential this service delivers high quality customer outcomes throughout what is one of Thames Water's most emotive customer journeys.

Works undertaken under this lot are expected to include:

- Rodent investigation - this will consist of a variety of survey techniques as necessary to establish this extent to which Thames Water's assets are contributing to a customers rodent issues. These findings will then be presented back to the customer in the form of a detailed report
- CCTV surveys
- Redlining of unmapped sewerage systems
- Capturing relevant Thames Water asset data
- Sewer Baiting (as appropriate)

#### **II.2.11) Information about options**

Options: Yes

Description of options

Any agreement awarded would be for an initial duration of 5 years, with options to extend annually up to a maximum overall term of 8 years.

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Negotiated procedure with prior call for competition

#### **IV.1.3) Information about a framework agreement or a dynamic purchasing system**

The procurement involves the establishment of a framework agreement

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: No

### **IV.2) Administrative information**

#### **IV.2.1) Previous publication concerning this procedure**

---

## **Section V. Award of contract**

A contract/lot is awarded: No

### **V.1) Information on non-award**

The contract/lot is not awarded

Other reasons (discontinuation of procedure)

---

## **Section VI. Complementary information**

### **VI.3) Additional information**

All suppliers who wish to respond to this notice must request a pre-qualification questionnaire (PQQ) by using the web link in Section I.3 ([www.thameswater.co.uk/procurement](http://www.thameswater.co.uk/procurement)).

From your response to the link in Section I.3 or above, Thames Water's Procurement Support Centre will send you an email providing login details for our eSourcing system (i.e. IASTA Smartsource). To complete the PQQ you will need to login to IASTA Smartsource.

If the project requires it, you will receive an additional and separate survey to complete for Data Protection.

Note - The client may be Thames Water Utilities Limited or another company within the Kemble Water group structure.
