North of England Commissioning Support is working for and on behalf of NHS North and East North Cumbria Integrated Care Board and is managing this market engagement exercise for the provision of Sunderland and South Tyneside GP Out of Hours and Urgent Treatment Centre Services.

The Relevant Authority is issuing this Prior Information Notice (PIN) as a Request for Information (RFI) to engage with the market and to gather information in order to gain a better understanding of both the capacity and appetite of the market in delivering the proposed services.

Any future opportunity is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award.

It is important to note that this PIN/RFI is not a call for competition and as such you will need to express your interest in any future opportunity once the contract notice is published on Find a Tender Service.

It should also be noted that this PIN/RFI invites individuals and organisations to express an interest in this RFI exercise only, and it is NOT a pre-qualification questionnaire, and is NOT part of any pre-qualification or selection process.

This PIN/RFI is intended as an awareness, communication, and information gathering exercise. An expression of interest is no indication of a commitment to participate in the RFI process nor does it infer any preferential or special status on those individuals and organisations who express an interest in the RFI exercise.

NECS is utilising an electronic tendering tool to manage this RFI exercise and communicate with potential providers. Accordingly, there will be no hard copy documents issued to potential providers and all communications with NECS, including RFI submissions, will be conducted via Atamis: <https://health-family.force.com/s/Welcome>

If you have already registered on the system (e.g. to access contracts with another Health

Family organisation) then there is no need to re-register.
