This Notice follows the publication of a Voluntary Ex-Ante Transparency Notice (VEAT)

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

NHS Hertfordshire and West Essex Integrated Care Board became a legal entity on 1st July 2022 in place of the three Clinical Commissioning Groups which previously covered the areas (West Essex CCG, East & North Herts CCG and Herts Valleys CCG). Since it was formed, NHS HWE ICB have been reviewing the services provided across its area.

This short-term contract will enable the ICB sufficient time to undertake full and robust engagement and consultation across the three 'places' within the ICB area to review existing services with the aim of moving towards a more equitable ENT offer across the ICB as historically, these services were commissioned separately by each of the Clinical Commissioning Groups.

This approach will allow continuity of services for the patient population and will ensure that a new service is developed which fully meets their needs going forward.
