Award

Supply of Point Cylinder, Chairlock WL and Spacer Tubes

Transport for London

UK5: Transparency notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-034860

Procurement identifier (OCID): ocds-h6vhtk-0552e3

Published 24 June 2025, 5:42pm

Scope

Reference

WS2569259104

Description

This requirement is for the supply of motors used in conventional trainstops on London Underground (LU). These motors are classified as vital signalling equipment due to their safety critical role in preventing trains from passing signals at danger. Chairlock driven points are also included, enabling trains to diverge from or remain on the main route. Spacer tubes, used in the assembly or installation of these systems, are also required as part of the overall supply.

Contract 1
