II.1.1) Title

DoF Collaborative Arrangement Supply of Unmetered Electricity 2023-2024 (ID 4543436)

II.1.2) Main CPV code

- 09310000 - Electricity

II.1.3) Type of contract

Supplies

II.1.4) Short description

This contract will be for the supply of 100 percent green Unmetered Electricity for 12 months. The anticipated commencement date shall be 1st April 2023. The Contract will be utilised by the following clients: • Department for Infrastructure (DfI); • NI Water (NIW); • The Police Service of Northern Ireland (PSNI); • Northern Ireland Housing Executive (NIHE); and • Translink A bid must be provided for a 12 month term (as detailed within the pricing schedule) for 100 percent green unmetered electricity. Each Client will be wholly responsible for the performance of its obligations under the contract. As CPD and its Clients are committed to the Central Government Energy Management Strategy and Action Plan to 2030 Contractors must provide 100 percent green electricity. This commits all Central Government bodies to reduce costs and consumption consistent with draft Programme for Government (PFG) indicators on greenhouse gas emissions and enhancing security of supply. This is delivered through a target to reduce net energy consumption by 30 percent by 2030 and to spend no more on energy in 2030 as we do today. In addition Department for Economy (DfE) has published an issues paper considering how best to advance proposals for an energy strategy that will enable new and challenging decarbonisation targets to be met. Not least among these is the UK Government legal requirement to achieve “net zero carbon” by 2050. Further details on this initiative can be found at <https://www.economy-ni.gov.uk/energy-strategy-call-for-evidence> and <https://www.gov.uk/government/news/uk-becomes-first-major-economy-to-pass-net-zero-emissions-law> DfI has embarked on a street lighting LED retrofit programme to replace existing sodium street lighting units with LED ones resulting in reduced consumption as the year progresses. Consequently, the retrofit projects will have an impact on this contract as they will have a direct effect on the consumption of unmetered electricity. The rates submitted must be honoured for the duration of the contract despite the likelihood of a reduction in the annual usage, the supplier should take this into consideration when

submitting their response.

II.1.5) Estimated total value

Value excluding VAT: £30,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 09310000 - Electricity

II.2.3) Place of performance

NUTS codes

- UKN - Northern Ireland

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 30 April 2023

IV.2.7) Conditions for opening of tenders

Date

30 January 2023

Local time

3:30pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: Yes

Estimated timing for further notices to be published: Upon expiry of the contract.

VI.3) Additional information

Contract monitoring: the successful contractor's performance on the contract will be regularly monitored. Contractors not delivering on contract requirements is a serious matter. It means the public purse is not getting what it is paying for. If a contractor fails to reach satisfactory levels of contract performance they will be given a specified time to improve. If, after the specified time, they still fail to reach satisfactory levels of contract performance, the matter will be escalated to senior management in construction and procurement delivery. (CPD) for further action. If this occurs and their performance still does not improve to satisfactory levels within the specified period, it may be regarded as an act of grave professional misconduct and they may be issued with a certificate of unsatisfactory performance and the contract may be terminated. The issue of a certificate of unsatisfactory performance will result in the contractor being excluded from all procurement competitions being undertaken by centres of procurement expertise on behalf of bodies covered by the Northern Ireland. Procurement Policy for a period of 12 months from the date of issue of the certificate.

VI.4) Procedures for review

VI.4.1) Review body

The UK does not have any such bodies with responsibility for review/appeal or mediation procedures

Belfast

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

CPD will comply with the Public Contracts Regulations 2015 (as amended) and where appropriate, will incorporate a standstill period (i.e. a minimum of 10 calendar days) at the point information is communicated. to tenderers. That notification will provide full information on the award decision. This provides time for the unsuccessful tenderers to challenge the award decision before the contract is entered into.
