+ Pick Everard +

176 St Vincent Street

Glasgow

G2 5SG

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Extension of the framework until the replacement NHSScotland Framework Agreement is in place. This modification is to meet continued demand by NHSScotland Health Boards, while the strategy conclusion and procurement of the new framework is underway. The extension ensures continuation of supply under Regulations 72(1)(b) -significant inconvenience and substantial duplication of costs..

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

A review of the requirements for the successor framework identified that further technical Consultancy services in addition to the Supervisor role are likely to be required. This includes the proposed Compliance Plan Manager function. Further work is required to develop the NHSScotland strategy for a technical services framework which will include NEC Supervisor services. NHS National Services Scotland deemed that putting in place a short duration framework until such time a fit for purpose “technical services” framework constitutes significant inconvenience and substantial duplication of costs in line with Regulation 72(1)(b).

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £2,000,000

Total contract value after the modifications

Value excluding VAT: £2,000,000
