Gas Supply Contract with SEFE Energy -

Start Date : 1st October 2024

End Date : 30th September 2027

Electricity Supply Contract with EDF Energy -

Start Date : 7th October 2024

End date : 30th September 2024

Due to the transition, there was a delay in start date for the Electricity Contract with EDF Energy which started on 7th October 2024 instead of 1st October 2024 but both contracts (Gas and Electricity supplies) will expire on the same date 30th September 2027.

Due to the legislation change on the UMS half-hourly meters, two separate agreements were signed with EDF one for six months (just for half-hourly) and the second for full contract term (everything else in portfolio). After 6 months period, the UMS meters will transition into the full term agreement in line with the legislation.

Please note that the contract value stated above is an estimated figure. Due to the volatility of the energy market, prices may fluctuate over the three-year period of the contract.
