Civil Infrastructure Repairs, Renewals and Remediation

Reference number

C22127

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

Nuclear Waste Services (NWS) brings together the UK's leading nuclear waste management capabilities.

We have integrated the expertise of Low Level Waste Repository (LLWR), Radioactive Waste Management (RWM), and the Nuclear Decommissioning Authority (NDA) group's Integrated Waste Management Programme (IWMP). This creates an organisation focused

on the management of the UK's nuclear waste, safely and securely for generations to come.

We are part of the NDA group, which is undertaking the biggest clean-up project in Europe over many decades. Nuclear Waste Services is integral to this environmental clean-up mission, as we work to provide permanent answers to our country's nuclear waste.

More information on NWS can be found here:

<https://www.gov.uk/government/organisations/nuclear-waste-services/about>

NWS is due to commence a procurement to undergo Civil Infrastructure Repairs, Renewals and Remediation at its Drigg site in West Cumbria (Drigg, Old Shore Road, Holmrook, Cumbria CA19 1XP), which involves a number of small works including Car Parks, Minor Civils, Vegetation removal, Barriers & Fencing, Roads & Paths, and Demolition.

Nuclear Waste Services (NWS) brings together the UK's leading nuclear waste management capabilities. We have integrated the expertise of Low Level Waste Repository (LLWR), Radioactive Waste Management (RWM), and the Nuclear Decommissioning Authority (NDA) group's Integrated Waste Management Programme (IWMP). This creates an organisation focused on the management of the UK's nuclear waste, safely and securely for generations to come. We are part of the NDA group, which is undertaking the biggest clean-up project in Europe over many decades. Nuclear Waste Services is integral to this environmental clean-up mission, as we work to provide permanent answers to our country's nuclear waste. More information on NWS can be found here: <https://www.gov.uk/government/organisations/nuclear-waste-services/aboutNWS> is due to commence a procurement to undergo Civil Infrastructure Repairs, Renewals and Remediation at its Drigg site in West Cumbria (Drigg, Old Shore Road, Holmrook, Cumbria CA19 1XP), which involves a number of small works including Car Parks, Minor Civils, Vegetation removal, Barriers & Fencing, Roads & Paths, and Demolition. It is likely that NWS will be running a below threshold procurement, reserving the procurement (in line with PPN 11/20) for suppliers located in the Cumbria area. This means that suppliers will need to be based in Cumbria or have substantive business operations in Cumbria (rather than by location of corporate ownership).
