II.1.4) Short description

The contracting authorities currently source their pre-prepared radiopharmaceutical kits from different external providers with 'Special' licenses, who supply and deliver compounded radiopharmaceutical kits within a specified time and date. Deliveries must always be delivered no later than 07:30am Mon-Fri, to the appropriate delivery location.

The requirement covers the provision of the following radiopharmaceuticals: Tc99m (Technetium), MAA, HDP, MAG3, DMSA, Sestamibi, Nanocolloid and Pertechetate. These are provided in the form of multi injection vials.

This notice is requesting expressions of interest from technically capable providers, who would like to understand more about the requirement, prior to a procurement process commencing. It is the expectation that any eventual procurement would consider the contracting authorities as individual and/or combined lots.

Any expression of interest must be sent to the buyer, within 30 calendar days of the notice being published, identifying which site(s) are of interest.
