The modification and the subsequent upgrade of the FQAS system is business critical for LMC. This modification request is for £106,622.47.

Regulation 72(1)(b) Additional works, services or supplies “have become necessary” and were not included in the initial procurement and a change of supplier would not be practicable (for economic, technical or interoperability reasons) and would involve substantial inconvenience/duplication of costs - provided the change does not exceed 50% of the value of the original contract.
