Text

Description of the services to be provided: examination of semen using a microscope to determine whether or not sperm are still present in the semen.

The ICB is intending to award a contract to an existing provider following direct award process C, where the existing provider is satisfying the existing contract and will likely satisfy the proposed new contract, and the contract is not changing considerably.

The approximate lifetime value of the contract is £61,000.00

The dates between which the services are intended to be provided are: 23/10/2024 to 31/12/2026
