II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The Enterprise Service Bus (ESB) is a critical component of National Highways' Advanced Traffic Management System (ATMS), which is currently in the process of being deployed across all seven Regional Control Centres as part of the CHARM Programme. The ATMS has been developed by Kapsch TrafficCom AG under a contract awarded in 2015, with the design and development of the ESB element sub-contracted to CGI IT UK Limited.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: Yes

Description of options

12 Month Period Contract

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This Call-off contract is required as a result of National Highways exercising its right to Step-in under the ATMS Agreement. Within that context, the Relevant Service in question is the continued provision of warranty support with CGI; and the Required Action on the part of the Customer is to establish this direct contractual arrangement with CGI.

Engagement has been undertaken with both National Highways' CCS Account Manager, and the Framework Manager for Technology Services 3, in order to confirm that this is a compliant Direct Award proposal considering the level of expenditure, the nature of the services and the chosen Lot

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract
