Changes to notice

This notice has been edited. The [previous version](#) is still available.

Note. Primary change reflects the delay in issuing the tender.

It is now anticipated that the tender will be published in early July.

Scope

Description

WM5G Health will launch a new Framework to accelerate the adoption of Virtual Care and Community Diagnostic services across health and care settings.

WM5G works with Local Authorities and ICBs and has delivered innovative programmes in areas of emerging technology.

The Open Framework will allow Suppliers to bid for specific lots covering technology solutions, clinical service delivery, and management support. Suppliers can align their offers to lots such as Virtual Care Technology, Clinical Services for Virtual Care, Diagnostic Technology Enablement, Community Diagnostic Clinical Services, and Service Management. This flexible, compliant framework will enable WM5G to quickly procure and deliver high-quality, innovative solutions, product and services that enhance patient access, care quality, and service resilience.
