If, after the specified time, they still fail to reach satisfactory levels of contract performance, the matter will be escalated to senior management in Construction and Procurement Delivery CPD for further action. If this occurs and their performance still does not improve to satisfactory levels within the specified period, it may be regarded as an act of grave professional misconduct and they may be issued with a certificate of unsatisfactory performance and the contract may be terminated. The issue of a certificate of unsatisfactory performance will result in the contractor being excluded from all procurement competitions being undertaken by centres of procurement expertise on behalf of bodies covered by the Northern Ireland Procurement Policy for a period of 12 months from the date of issue of the certificate..

That notification provided full information on the award decision. This provided time for the unsuccessful tenderers to challenge the award decision before the contract was entered into.
