Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

SPD Question 4A.1 Trade Registers – It is a requirement of this tender that if the bidder is UK based they must hold a valid registration with Companies House. Where the bidder is UK based but not registered at Companies House they must be able to verify to our satisfaction that they are trading from the address provided in the tender and under the company name given.

If the bidder is based out-with the UK they must be enrolled in the relevant professional or trade register appropriate to their country as described in Schedule 5 of the Public Contracts (Scotland) Regulations 2015.

SPD Question 4A.2 Authorisation/Membership –

Where it is required, within a bidder's country of establishment they must confirm which authorisation or memberships of the relevant organisation(s) are required in order to perform this service.

Bidders must confirm if they hold the particular authorisation or memberships.

III.1.2) Economic and financial standing

List and brief description of selection criteria

Insurance levels

Duns score

Minimum level(s) of standards possibly required

Insurance: The Contractor shall effect with an insurance company or companies acceptable to SPT a policy or policies of insurance in respect of all the matters which are subject of the indemnities on the part of the Contractor contained in this Contract including Professional Liability Insurance in the sum of no less than GBP5,000,000, Public Liability Insurance in the sum of no less than GBP10,000,000, Product Liability Insurance in the sum of no less than

GBP5,000,000 and Employers' Liability Insurance in the sum of no less than GBP5,000,000 at least, each in respect of any one incident and unlimited in total, unless otherwise agreed by SPT in writing

Duns: With regards SPD question 4B, SPT will use Dun and Bradstreet's DBAi financial reporting system to assess the financial stability of bidders. Bidders with a Failure Score of 51 or above on the DBAi system will be deemed to have evidenced satisfactory financial stability. Bidders must confirm within their response to the relevant question within the Qualification Envelope, the value of their D&B Failure Score.

In the event that the bidder does not have a Dun and Bradstreet rating or they consider that the rating has been adversely affected by factors which they can offer mitigating evidence for, we will use the following ratios to evaluate a bidder's financial status. Bidders must confirm within their response to the relevant question within the Qualification Envelope, the name and value of the 3 financial ratios listed below as taken from their own Accounts.

1 Profitability – this is taken as profit after tax but before dividends and minority interests. If a company makes a profit then it is a pass for this ratio;

2 Liquidity – this value is calculated as current assets less stock and work in progress, divided by current liabilities. If the answer is greater than or equal to one then it is a pass for this ratio;

3 Gearing – this value is calculated as the total external secured borrowing (short term and long term) divided by shareholder funds expressed as a percentage. If the answer is less than or equal to 100% it is considered a pass for this ratio.

Where 2 out of the 3 ratios cannot be met, we may then take account of other factors when assessing financial viability and the risk to the organisation, providing that the Bidder can submit acceptable evidence to substantiate any of the mitigating criteria as described in the instructions for tendering document.

III.1.3) Technical and professional ability

List and brief description of selection criteria

Past Experience

Quality Assurance Accreditation

Environmental Accreditation

Minimum level(s) of standards possibly required

Evidence of 3 No. of commissions that demonstrate the organisation's ability to carry-out the services as defined in the scope of requirements. These commissions may have been delivered completely in-house or using named sub-contractors and must be related to the scope of requirements and have been delivered in the past three years.

Tenderers shall be ISO 9001 accredited or have an internal system which adheres to those standards and regularly audited.

Tenderers shall be ISO 14001 accredited, or have an internal system that adheres to those standards and is regularly audited.

Technical and Professional Ability (Sub-Contracting) – Bidders will be required to confirm within the ITT (Stage 2, Technical Envelope) whether they intend to subcontract and, if so, for what proportion of the contract

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: Yes

Estimated timing for further notices to be published: It is estimated this requirement will be re-advertised in the fourth year of the contract.

VI.3) Additional information

SPD Question 2.C.1 Reliance on the capacities of other entities -

Bidders are required to complete a full SPD for each of the entities whose capacity they rely upon.

Subcontractors on whose capacity the bidder does not rely

Bidders who are selected to submit an ITT will be asked whether they intend to subcontract within the ITT (Stage 2) Tender. A shortened version of the SPD covering the exclusion grounds will require to be completed by each Subcontractor so identified and uploaded within the ITT (Stage 2) Technical Envelope.

Exclusion Criteria –

Economic operators may be excluded from this competition if they are in any of the situations referred to in regulation 58 of the Public Contracts (Scotland) Regulations 2015.

SPD Questions 3A – 3C have been identified as mandatory exclusion grounds and SPD Questions 3D have been identified as discretionary exclusion grounds. All the exclusion grounds will be assessed on a PASS/FAIL basis. For the mandatory exclusion grounds a bid will be excluded where the bidder fails to provide either a positive response or to provide details to the satisfaction of the Council of the self cleansing measures undertaken. For the discretionary exclusion grounds a bid may be excluded where the bidder fails to provide either a positive response or if the Council is not satisfied as to the self cleansing measures undertaken.

Scots Law will apply.
