Engagement

Engagement deadline

28 February 2025

The engagement was carried out before this notice was published.

Engagement process description

Held virtual meetings with Suppliers to discuss out plans for the forthcoming edition of the Fuel Cards framework.

We held conversations with incumbent Suppliers, Suppliers from previous generations of the agreement and potential new suppliers.

As this is a mature, stagnant and well-established market and CCS's 7th generation, we discussed with the Suppliers already familiar with the agreement that we aren't proposing to make any changes.

Discussions with potential new Suppliers involved how the agreement operates, usage/volume, Customer base and pricing structure.
