II.1.4) Short description

FCDO Services (the Authority) invites tenders from Providers of a Warehouse Management System.

The successful supplier will provide a Cloud Hosted market leading Warehouse Management System (WMS). This system will replace our current legacy bespoke solution. FCDO Services intend to implement this solution 'off the shelf' with its associated business processes. The supplier will support us in the configuration and business change required to adopt the new system.

The objective of the Logistics system is to standardise our ways of working, support our growth and drive efficiency in our logistics function. Supported by the new system we will adopt a new way of working based on key performance measures. We would also like the new system to be modular in nature, so that we could in the future easily implement a Transport Management System (TMS).
