II.1.4) Short description

The main objective of the Service is to reduce reliance on inpatient care for people who have a learning disability and/or autism, to contribute to the national aim that by March 2024 no more than 30 adults per million will require an inpatient setting at any one time. The Service will support delivery of this objective by:

- improving the quality of care for the individuals who will be supported in the right place by appropriately skilled and experienced staff in the least restrictive environment; and
- improving the quality of life for individuals by ensuring that they remain in their own communities close to their families.

The available budget is £800,800 per annum. This figure includes all aspects of the service to be delivered, any bidder including caveats to this service may be considered as submitting a non-compliant bid.

The Contract will be for a term of two years with the opportunity to extend for a further two years subject to mutual agreement between the successful Bidder and the Authority. The maximum term of Contract is consequently four years.

II.2.4) Description of the procurement

The Service will offer crisis intervention accommodation and support within the Crisis Support Pathway for individuals with learning disabilities and/or autism. It supports admission avoidance by providing up to 12 weeks of supervision and support in a self-contained, risk-reduced environment for those not requiring acute hospital admission.

The Service aims to:

- provide a 24/7 safe space for a maximum of four Service Users facing mental, emotional, or behavioural crises, where enhanced community support hasn't been effective working in a trauma informed way;
- offer enhanced support to stabilise and de-escalate the crisis and reassess needs rapidly;
- help individuals find sustainable solutions to avoid mental health detainment and hospital admission;

- promote independence, self-care, and social routines in the community (e.g., education, employment, leisure);
- facilitate ongoing support from family/Carers and community health providers during their stay; and
- support a return to home within a short period.
