Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

A large number of children and young people admitted into hospital are presenting with significant mental health issues but are additionally autistic. NHSE endorsed a pilot solution in support of the local system however an urgent contract award is now required due to escalating issues in the system leading to reduced in-patient bed capacity and wider ramifications for clinical safety and harm. This contract will focus on supporting a cohort of 12 people to release such pressures by supporting discharge. Tier four settings continue to exceed local trajectory and that set under the NHS Long Term Plan; concerns have been raised. With the acute setting the CYP crisis service indicates continued admission of CYP with mental health issues (including suicide attempts, eating disorders and co-occurring autism) some of whom await a tier four bed and some who require discharge. Consideration of this service includes mental health inpatient settings and applicability for CYP. All of the above has warranted an urgent response.
