The estimated value of the Framework Agreement specified in section II.1.7 in this notice is the overall value of the whole framework (see II.1.4). Section V.2.4 relates to the estimated value for Lot 2. These values are based on NHG's current anticipated requirements. NHG cannot give any guarantees that works totalling this value will in fact be called off from this framework. Equally, the total value may increase, either if NHG's own requirements increase unexpectedly or if the framework is used by other contracting authorities more extensively than anticipated. Please note the suppliers who have been awarded to the framework are not listed in order of their scoring. As there are multiple suppliers, the date in section V.2.1 is the date the first supplier signed the Framework Agreement.
