Scope

Description

Islington Council is seeking providers for a Supported Accommodation Pathway for Young People (16-25 years old) with diverse needs in Islington. The aim of the pathway is to provide safe and suitable accommodation and care and support for young people, with a focus on preparing them for independent living.

The council plans to establish a flexible framework arrangement with call off options, for a period of six years, with an estimated start date of 1 April 2026.

The initial offer would be for contracts for up to 100 units of supported accommodation for young people. However, our intention is that the council may utilise call offs over the life of the framework to secure extra provision of up to an additional 100 units of supported accommodation for young people, based on demand.

We invite interested parties to a market engagement event to share our plans and get feedback from the wider market.
