Ministry or any other national or federal authority

I.5) Main activity

Defence

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Procurement and In Service Support lightweight x-ray capability

II.1.2) Main CPV code

- 33111000 - X-ray devices

II.1.3) Type of contract

Supplies

II.1.4) Short description

The Special Explosive Ordnance Disposal and Search, Exploitation & Countermeasures (SEEC) Delivery Team, as part of the UK Ministry of Defence ("MOD"), intends to award a contract to Kirintec Limited for the In-Service Support and procurement of a lightweight x-ray capability. This contract will run for 5 years plus 2 option years at a value of £633,474.64. This value is inclusive of an initial procurement of 3 systems with the option to purchase 1 additional system per year over the duration of the contract. The Contract also includes provision of in-service support. This support is inclusive of return and repair of the systems within the fleet.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £633,474.64

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The Special Explosive Ordnance Disposal and Search, Exploitation & Countermeasures (SEEC) Delivery Team, as part of the UK Ministry of Defence (“MOD”), intends to award a contract to Kirintec Limited for the In-Service Support and procurement of a lightweight x-ray capability. This contract will run for 5 years plus 2 option years at a value of £633,474.64. This value is inclusive of an initial procurement of 3 systems with the option to purchase 1 additional system per year over the duration of the contract. The Contract also includes provision of in-service support. This support is inclusive of return and repair of the systems within the fleet.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: Yes

Description of options

2 option years

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The contract has its object services listed in Annex II B

Explanation:

In accordance with regulation 4 of The Defence and Security Public Contracts (Amendment) (EU Exit) Regulations 2019 (SI 2019/697) this procurement falls to be regulated under the provisions of the Defence and Security Public Contracts Regulations 2011 as amended (in particular by SI 2019/697 and SI 2020/1450). Prior publication of a contract notice in the Official Journal of the European Union is no longer appropriate. It is considered that the award of this contract without prior publication of a contract notice in the UK e-notification service (as required by the relevant legislation) is lawful in accordance with regulation 16(1)(a) (ii) of the Defence and Security Public Contracts Regulations 2011, technical reasons.

The lightweight x-ray system has been in-service with the UK Armed Forces since 2016. The Contractor - Kirintec Limited, is the sole UK distributor of the lightweight x-ray system, inclusive of parts and spares. The lightweight x-ray system, inclusive of parts and spares, is not available from any other contractor in the UK.

As sole UK distributor for lightweight x-ray, the contractor has specific technical knowledge and know-how on the operation and maintenance of the system to enable support to the equipment. Contracting with a third party to support the lightweight x-ray system would introduce an unacceptable technical and safety risk due to them not having access to the required system-specific technical knowledge, information, and parts.

Procuring alternative equipment for the UK Armed Forces to operate in parallel with lightweight x-ray would result in an unacceptable interoperability risk. The UK Armed Forces are trained in the operation of lightweight x-ray and operating two systems into service would introduce an additional training requirement and would result in an unacceptable risk to safety.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession

Contract No

705524451

Title

Lightweight x-ray capability

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

15 December 2022

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

KIRINTEC LTD

Ross on Wye

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

Yes

V.2.4) Information on value of contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession: £633,474.64

V.2.5) Information about subcontracting

The contract/lot/concession is likely to be subcontracted
