Section II: Object

II.1) Scope of the procurement

II.1.1) Title

UKRI-5020 STFC High Voltage (HV) - maintenance, reactive, remedial and project works

Reference number

UKRI-5020

II.1.2) Main CPV code

- 50532000 - Repair and maintenance services of electrical machinery, apparatus and associated equipment

II.1.3) Type of contract

Services

II.1.4) Short description

The aim of this procurement is to contract with a Service Provider to complete all Planned, Preventative Maintenance (PPM), reactive and remedial works pertaining to HV for Daresbury Laboratory. PPM is the only guaranteed level of service requires through the contract, all reactive and remedial works, and any costs associated with new assets are an estimate and they are not guaranteed.

The services shall include PPM, reactive and remedial works for all assets on the Asset List and Service Schedule, to include:

HV Maintenance, reactive and remedial, which will encompass:

- Routine maintenance in accordance with attached 'Annex A- Service Schedule' to all HV, Safety Protection Systems. This Service Schedule is based on best working practice.
- To be able to provide a four hour response time based on receipt of call from site to physical engineer attendance on site.
- Reactive maintenance to all HV.
- Remedial maintenance to all HV. All quotes for such works shall be provided within 5 working days of receiving the quotation request.

- To be able to provide response times based on those outlined in the Priority Response times, based on receipt of call from the Helpdesk or Service Manager to the physical engineer attendance on site.
- Statutory Testing and Planned system Maintenance under permit control.
- Supporting HV Repair & Replacement.
- HV Risk Assessments, report findings and recommend actions (where known deficiencies exist).
- Provide facility specific RAM's and operation/maintenance plans.
- Manufacturer's recommendations.

Please see the tender documentation held on the eSourcing Portal for full details.

II.1.5) Estimated total value

Value excluding VAT: £532,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKD61 - Warrington

Main site or place of performance

Warrington

II.2.4) Description of the procurement

The aim of this procurement is to contract with a Service Provider to complete all Planned, Preventative Maintenance (PPM), reactive and remedial works pertaining to HV for Daresbury Laboratory. PPM is the only guaranteed level of service requires through the contract, all reactive and remedial works, and any costs associated with new assets are an estimate and they are not guaranteed.

The services shall include PPM, reactive and remedial works for all assets on the Asset List and Service Schedule, to include:

HV Maintenance, reactive and remedial, which will encompass:

- Routine maintenance in accordance with attached 'Annex A- Service Schedule' to all HV, Safety Protection Systems. This Service Schedule is based on best working practice.
- To be able to provide a four hour response time based on receipt of call from site to physical engineer attendance on site.
- Reactive maintenance to all HV.
- Remedial maintenance to all HV. All quotes for such works shall be provided within 5 working days of receiving the quotation request.
- To be able to provide response times based on those outlined in the Priority Response times, based on receipt of call from the Helpdesk or Service Manager to the physical engineer attendance on site.
- Statutory Testing and Planned system Maintenance under permit control.
- Supporting HV Repair & Replacement.
- HV Risk Assessments, report findings and recommend actions (where known deficiencies exist).
- Provide facility specific RAM's and operation/maintenance plans.
- Manufacturer's recommendations.

Service Providers must be able to provide PPM on all assets. This PPM can be provided either by the Service Provider's own in-house engineers, or sub-contracted engineers.

Please note that although site familiarisation will be provided during mobilisation and the first round of PPMs, thereafter it is the Service Provider's responsibility to ensure engineers are familiar with the site.

Please see the tender documentation held on the eSourcing Portal for full details.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

24

This contract is subject to renewal

Yes

Description of renewals

A 3rd and 4th year released individually upon agreement from all parties.

II.2.10) Information about variants

Variants will be accepted: No
