II.2.4) Description of the procurement

Within the Cardiff and Vale Health Board sits the Clinical Diagnostics and Therapeutics Clinical Board that consists of seven directorates which provide a wide range of diagnostic

and therapeutic procedures on a local, national and UK-wide basis. These core services collectively underpin and are the core components of almost every aspect of clinical activity undertaken within the Health Board.

There are four directorates within CD&T that are wanting to procure a quality management software so to standardise their software across the board. This would include Laboratory Medical department, Clinical Haematology Department, Radiology and Medical Physics. By using this software across the board, it will create a standardisation allowing the CD&T board to access their quality management software on one portal.

Whilst there is a route to market via a framework through a Direct Award, the Health Board would be restricted to a 3 year contract. After negotiating with the supplier during the market research, the Health Board was able to commit to a 5 year contract, allowing a further cost avoidance overall.

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

To ensure regulatory compliance, it is required for Cardiff and Vale's data to be move to a cloud based solution. The Health Board's compliance hinges on having a robust system for capturing all information required to retain regulatory accreditation. Uploading the historic information to a new platform would not be feasible and puts the Health Board at risk.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
