The Collection Point/Affected Property/Treatment Site

The Affected Property operates 7 x days a week. Operating hours are:

Mon 07:00am-00:00

Tues-Sat 07:00am-23:30

Sunday 08:00am-17:00

Closed only Christmas Day & New Years Day

Frequency of Collection/Service/Testing

The Contractor shall provide a fully inclusive repairs and maintenance package within the base price to include collection charges and costs.

The Contractor shall guarantee that in the event of plant and equipment failure not caused by the Operator or their agents or in excess of 24 hours, the Contractor shall undertake to supply an equivalent plant at their own cost.

In the event that the Contractor is not able to supply a replacement within the agreed timeframe the Company may seek to replace with another hired plant.

The contractor shall reimburse the Company the full cost of replacement and shall include any transportation costs incurred as a result of this.

All plant and equipment shall hold a minimum of 12-month warranty.

The Contractor is to ensure that in the event of any breakdowns (within the company's operating hours) a qualified engineer shall be sent out to site to rectify within 2 hours from notification, to investigate and or remedy the fault and or supply replacement plant.

All parts failing due to general and expected wear and tear are to be replaced the Contractor at their cost. The Contractor will produce a list of parts and components which will fall within this category and are exempt within 1 month of the contract commencing.

All servicing is to be carried out in accordance with manufacturer's guidance and to the manufacturer's minimum recommended specifications.

Copies of all service records and annual inspections will be supplied to the company within 7 working days of all works being completed and retained by the Contractor for a period of 3 years from the expiry of agreement.

Upon completion of any and all servicing, maintenance and or repair works the Contractors engineer must supply a signed handover document which states what work

has been undertaken and that the plant is now safe, fit for use, fully serviceable and meets all Health & Safety requirements e.g. LOLER or PUWER certification has been issued.

Costs for all part, labour and travel through wear and tear are to be included.

Solid tyres are to be supplied to begin with as a one of and thereafter will be replaced/repared by the Company.

Commercial tool

Establishes an open framework

A series of frameworks with substantially the same terms. Awarded suppliers are carried over and new suppliers can bid.

Framework

Open framework scheme end date (estimated)

31 December 2030

Maximum percentage fee charged to suppliers

0%

Framework operation description

Total contract price 3-year term

with brand new machines from the start of the contract

£468,000.00

Total contract price including 2-year extension

with brand new machines from the start of the contract

£780,000.0

Selection process:

60% technical or quality. Total weighted score = 51.36%

40% cost. Total weighted price = 36.87%

Total score = 88.20%

Award method when using the framework

With competition

Contracting authorities that may use the framework

Establishing party only

Contract 1. Mobile Plant Equipment Hire and Maintenance for Hornsey Street Transfer Station
