I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Iona Breakwater, Slipways and Public Toilet Block

Reference number

00040-33

II.1.2) Main CPV code

- 45220000 - Engineering works and construction works

II.1.3) Type of contract

Works

II.1.4) Short description

The proposed works include a breakwater, replacement toilet block, and the completion of lower slipway works in Baile Mòr, Iona.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45220000 - Engineering works and construction works

II.2.3) Place of performance

NUTS codes

- UKM63 - Lochaber, Skye & Lochalsh, Arran & Cumbrae and Argyll & Bute

Main site or place of performance

Baile Mòr, Iona.

II.2.4) Description of the procurement

Breakwater: The current infrastructure at each side of the Sound of Iona is not fit for purpose and this is the main factor in service reliability for the Caledonian MacBrayne ferry to and from Iona.

The slipway on Iona is completely exposed and has no shelter from weather and this, combined with recent repair works involving steel shuttering, has resulted in making it difficult for the ferry to grip the pier, this has a negative impact on service provision.

The result of inadequate infrastructure in the Sound of Iona has a direct impact on the lives of the people who live there. A day without a ferry results in essential services to the island being affected – medical, educational, refuse collection, business delivery etc.

The solution to the situation is a breakwater at Iona. This infrastructure will enable a much improved service, and improved ability for lifeline services to travel to and from Iona with the facilitation of wider forms of economic development on both sides of the Sound.

Slipway Repairs: A Principal Inspection in 2018 at Iona Slipways noted a number of defects requiring repair. A number of these repairs were completed under a construction contract awarded in May 2021, with a number of defects still outstanding and some items of works undertaken under the 2021 Construction Contract requiring correction.

The works completed under the 2021 Construction Contract have been inspected and additional works progressed under a Phase 1 contract.

This Phase 2 works contract shall complete all outstanding works at Iona Slipways to allow the slipways to continue to fully serve the community and the various services provided through the slipways.

Public Toilet Block: The existing public toilet block, located between the existing slipway and the proposed breakwater shall also be replaced.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 60%

Price - Weighting: 40%

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

18

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

30 January 2024

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 4 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

30 January 2024

Local time

12:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used
