The HFEA is seeking to replace its bespoke regulatory licence management system (Epicentre) and web portal used by licenced clinics with Microsoft Dynamics 365 and related cloud portal technologies and is seeking to appoint a delivery partner to assist with the transformation. It's imperative the HFEA use this funding wisely to not only ensure the HFEA adopt sustainable systems for the future, but also so we can be in position to make use of upcoming new technologies, such as AI, without needing to redevelop systems.
