Section II: Object

II.1) Scope of the procurement

II.1.1) Title

NEPO217 Framework Contract For the Provision of Winter Bureau and Road Weather Outstation Maintenance Services

Reference number

NEPO217

II.1.2) Main CPV code

- 50312310 - Maintenance of data network equipment

II.1.3) Type of contract

Services

II.1.4) Short description

The purpose of the solution is to provide:

The operation and maintenance to a network of existing weather station equipment. The collection and management of data from each outstation, with remote monitoring of weather conditions, a maintained bureau service, with helpdesk which enables users to view, download and monitor data and information or identify any faults to outstations. A forecasting service in which weather forecasting information is developed and made available to Member Authorities via uploading it to the bureau system and forecasters system. The solution also includes the provision of the replacement of existing weather station equipment, where there is a requirement to upgrade the equipment.
