Engagement process description

Liverpool City Council is looking to commission a qualified and experienced organisation to deliver a range of Preventative Mental Health Services. We're excited to be transforming our approach in this area, with a focus on strength-based reablement, improved efficiency and effectiveness, and better outcomes for service users, while also helping to reduce demand on statutory services.

As part of this journey, we're hosting a Soft Market Engagement Event to share our plans and hear your thoughts.

What to Expect at the Event

We'll be covering:

- Our current commissioning position and key themes for the future of Mental Health Prevention Services
- The outcomes we're aiming to achieve
- An overview of the proposed procurement process and timelines

This is a great opportunity to hear directly from our Commissioning team, ask questions, and share your feedback. Your input will help us shape the final service model and ensure the procurement process is as smooth and effective as possible.

We look forward to hearing your insights and working together to build a stronger preventative mental health offer for Liverpool.

Who Should Attend?

This event is open to any organisation interested in bidding to deliver Mental Health Prevention statutory services. If this is an area your organisation is passionate about, we'd love to have you join us.

Can't Make It?

No problem! If you're unable to attend, don't worry - we'll share all the presentation materials after the event. That way, you'll still have access to all the key information.
