Body governed by public law

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

EEM0056 Property Improvements and Decarbonisation Works Framework

Reference number

EEM0056 (2024 - 2028)

II.1.2) Main CPV code

• 45453100 - Refurbishment work

II.1.3) Type of contract

Works

II.1.4) Short description

Efficiency East Midlands (EEM Ltd) is a procurement consortium which establishes and manages a range of frameworks and DPS agreements. Our membership has now grown to over 335 members including organisations providing services to the whole public sector including housing associations, local authorities, NHS Trusts, Education Providers and Emergency Services.

EEM Ltd will be conducting a tender exercise for the renewal of our existing Property Improvement Works Framework (EEM0056) which will expire in 2024 with the inclusion of a lot for Decarbonisation works.

The Framework agreement will be for a period of 48 months and is expected to run from 8th April 2024 to 7th April 2028.

EEM reserve the right to appoint maximum of 10 Contractors onto each of the workstream and geographical sublots described below. For the avoidance of doubt we reserve the right to appoint up to 60 Contractors across the below lots.

Lot 1 Domestic and Commercial Property Improvement Works (Under £1M)

- o Midlands
- o National Coverage

Lot 1 Domestic and Commercial Property Improvement Works (Over £1M)

- o Midlands
- o National Coverage

Lot 2 Decarbonisation Works (Domestic and Commercial)

- o Midlands
- o National Coverage

II.1.5) Estimated total value

Value excluding VAT: £150,000,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Lot 1 - Property Improvement Works (Domestic and Commercial Properties)

Lot No

Lot 1

II.2.2) Additional CPV code(s)

- 09331000 Solar panels
- 09332000 Solar installation
- 44220000 Builders' joinery
- 45100000 Site preparation work
- 45210000 Building construction work
- 45232141 Heating works

- 45232452 Drainage works
- 45260000 Roof works and other special trade construction works
- 45310000 Electrical installation work
- 45320000 Insulation work
- 45331000 Heating, ventilation and air-conditioning installation work
- 45332000 Plumbing and drain-laying work
- 45333000 Gas-fitting installation work
- 45350000 Mechanical installations
- 45410000 Plastering work
- 45421100 Installation of doors and windows and related components
- 45421110 Installation of door and window frames
- 45421111 Installation of door frames
- 45421112 Installation of window frames
- 45421120 Installation of thresholds
- 45421130 Installation of doors and windows

II.2.1) Title

Lot 2 - Decarbonisation Works (Domestic and Commercial Properties)

Lot No

Lot 2

II.2.2) Additional CPV code(s)

- 09330000 Solar energy
- 39715000 Water heaters and heating for buildings; plumbing equipment
- 44221000 Windows, doors and related items
- 45210000 Building construction work
- 45232140 District-heating mains construction work

- 45232141 Heating works
- 45261215 Solar panel roof-covering work
- 45261410 Roof insulation work
- 45310000 Electrical installation work
- 45320000 Insulation work
- 45330000 Plumbing and sanitary works
- 45350000 Mechanical installations
- 45400000 Building completion work

II.2.3) Place of performance

NUTS codes

- UKC North East (England)
- UKD North West (England)
- UKE Yorkshire and the Humber
- UKF East Midlands (England)
- UKG West Midlands (England)
- UKH East of England
- UKI London
- UKJ South East (England)
- UKK South West (England)
- UKL Wales

II.2.4) Description of the procurement

Decarbonisation works consisting of whole house retrofit and estate wide retrofit schemes to domestic properties covering the requirements set out in PAS2035:2019 for the design, supply, installation, and commissioning of retrofit measures to domestic properties including but not limited to:

- LED Lighting
- External Wall Insulation Systems

- Loft Insulation
- Internal Wall Insulation
- Cavity Wall Insulation
- Underfloor Insulation
- Room In Roof Stud Wall Insulation
- Room In Roof Ceiling Insulation
- Damp Proofing
- Air Tightness
- Ventilation Systems
- Heat Recovery Systems
- Micro-Generation Technologies:
- Electricity Generation Technologies.
 - o Solar Powered or Pholvolataic (PV) Systems
- Heat Generation Technologies
 - o Solar Thermal Hot Water
 - o Air Source Heat Pumps
 - o Ground Source Heat Pumps
 - o Bioenergy
- Co-Generation Technologies
 - o Hydrogen Energy and Fuel Cells
 - o Combined Heat and Power (CHP)
- Windows and Doors

- Electric Vehicle Charge Points as part of a wider programme of Decarbonisation Works.
- General Building Improvement Works that may be required as part of the Energy Efficiency Project.
- Any works associated with Decarbonisation and Energy Efficiency Measures.

Lot 2 can also be used for any and commercial public sector buildings decarbonisation and energy efficiency measures projects following the relevant industry guidance and legislation.

Members can also use Lot 2 to compliantly procure decarbonisation and energy efficiency contracts they have received funding for and where they are looking to improve EPC ratings on properties.

Domestic Properties

Domestic properties will typically be consisting of a mixture of domestic housing stock and grounds, bungalows, blocks of flats, and sheltered housing schemes as well as garages, and any other domestic properties or buildings owned and/or managed by our membership.

Commercial Properties

Commercial properties will typically include but not be limited to:

- Commercial business units and office buildings.
- Colleges, Universities and Education centres.
- Student accommodation.
- Hospitals and treatment centres.
- Homes for the elderly including retirement complexes and care facilities for older people.
- Children's homes and centres.
- Academy and school refurbishment and fit out works.
- Community centre.
- Leisure centres and gyms.

- Libraries.
- · Pavilions.
- Changing rooms and public toilets.
- Outdoor parks and children's play facilities.
- · Outdoor fitness facilities.
- · Car Parks.
- Industrial units, depots, and garages.

The types of funding to be used under this Framework includes but is not limited to Government schemes, such as:

- Energy Company Obligation (ECO)
- · Local Authority Delivery (LAD) scheme
- Social Housing Decarbonisation Fund
- Home Upgrade Grant (HUG)
- Domestic Renewable Heat Incentive (RHI) and/or 3rd party of other relevant funding streams available over the duration of the framework term.

All Contractors appointed to Lot 2 - Decarbonisation works must hold PAS 2030 certification and ensure all works are carried out in accordance with the latest PAS 2035 Standard.

Compliance with PAS 2035/2030:2023, as well as Trustmark registration, is a requirement of domestic retrofit under government energy efficiency schemes.

II.2.5) Award criteria

Quality criterion - Name: Lot Specific Tender Assessment (Lot 2) / Weighting: 35%

Quality criterion - Name: General Tender Assessment / Weighting: 15%

Cost criterion - Name: Decarbonisation Schedule of Rates / Weighting: 27%

Cost criterion - Name: Scenario / Weighting: 14%

Cost criterion - Name: Labour Rates / Weighting: 7%

Cost criterion - Name: Scaffolding Rates / Weighting: 2%

Cost criterion - Name: NHF (Information Purpose Only) / Weighting: 0

Cost criterion - Name: Management Costs (Information Purpose Only) / Weighting: 0

II.2.6) Estimated value

Value excluding VAT: £70,000,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.14) Additional information

Lot 2 is split into the following geographical sublots:

Lot 2 Decarbonisation Works (Domestic and Commercial)

o Midlands - Up to 10 Contractors

o National Coverage - Up to 10 Contractors

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Please refer to the tender pack.

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 60

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: <u>2023/S 000-013750</u>

IV.2.2) Time limit for receipt of tenders or requests to participate
Date
12 February 2024
Local time
2:00pm
IV.2.4) Languages in which tenders or requests to participate may be submitted
English
IV.2.6) Minimum time frame during which the tenderer must maintain the tender
Duration in months: 6 (from the date stated for receipt of tender)
IV.2.7) Conditions for opening of tenders
Date
12 February 2024
Local time
2:30pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information

The call-off contract's to be awarded pursuant to the Framework Agreements to be entered at conclusion of the procurement exercise begun by publication of the Contract Notice may extend for a duration of up to five years beyond expiry of the four-year term of the Framework Agreements for standard Property Improvement and Decarbonisation projects and for complex Property Improvement and Decarbonisation projects may extend for a duration of up to ten years beyond expiry of the four-year term of the Framework. Complex projects may include but not be limited to:

- Contracts requiring a longer mobilisation period.
- Contracts requiring up front investment.
- Contracts subject to additional upfront funding application requirements or
- Contracts involving complex building structures or works including where permitted working times may be required.
- Contracts where on completion of the initial works ongoing monitoring or maintenance might be required.
- Contracts involving new technologies and where there is an element of some data transfer and monitoring to check on the performance, particularly for energy efficiency measures.

Please note that the total potential framework value stated within this notice is in relation to the full 4-year framework and takes into consideration the lot structure, length of call off contracts and that the EEM membership may grow over the framework lifetime.

Where the contract notice states a maximum of suppliers to be

appointed to the Framework. EEM reserves the right to appoint less than the numbers stated. This framework is being procured by Efficiency East Midlands Ltd (EEM) on behalf of their members and the other organisations described below as being authorised users. The following contracting authorities will be entitled to agree and award contracts under this framework agreement as Authorised Users:

1) any Member of EEM which for the avoidance of doubt currently includes 3 partner consortia -

West Works (https://www.westworks.org.uk)

Advantage South West(https://www.advantagesouthwest.co.uk and South East Consortium (https://www.southeastconsortium.org.uk

A full list of current members is available at www.eem.org.uk

2) any future member of EEM or our partner consortia and in all cases being an organisation which has applied to join EEM or

our partner consortia in accordance with the applicable constitutional documents;

3) An EEM participant being an organisation which is neither a current or EEM member (as defined at 1 above) nor a future member of EEM (as defined at 2 above). Further details regarding the authorised users of this framework can be found in the ITT documents.

For further in further information please visit https://www.delta-esourcing.com/ and complete the standard questionnaire and to view the tender documents via Tenderbox access code GQ7Z47A6AS.
