II.1.4) Short description

Crown Commercial Service (CCS) as the Authority has put in place a Pan Government Collaborative Agreement for the provision of Offsite Construction Solutions as a multi-Lot

framework agreement available for use by UK public sector bodies and future successor organisations, which includes Central Government Departments and their arm's length bodies and agencies, the wider public sector and third sector including, but not limited to, local government, health, education, police, fire and rescue, housing associations and charities.

This framework will provide public sector organisations with the design, fabrication, physical delivery, construction or installation and maintenance of prefabricated buildings, as well as direct access to manufacturers for a complete range of offsite construction solutions.

Lot 1 sub Lots 1.1, 1.2 & 1.3, Lot 2 sub Lots 2.1 & 2.2, Lot 3, Lot 4 sub Lots 4.1 & 4.2 and Lot 6 of this framework will run for 4 years, with an option to extend the lifetime of the framework by an additional 3 years. The end date for these Lots remains as 23 January 2027.

The option to extend has been utilised for Lot 5 sub Lots 5.1 & 5.2 and the end date for Lot 5 will be 23 January 2030.

The lotting structure of this framework was determined as a result of the market engagement and is detailed below.

Further information is included in the Additional Information section VI.3.

On 02/04/2014, Government introduced its Government Security Classifications (GSC) scheme which replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security classifications used. All bidders were required to make themselves aware of the changes as it may impact this requirement. This link provides information on the GSC at:

<https://www.gov.uk/government/publications/government-security-classifications>

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. To participate in this procurement, bidders were

required to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.
