ENT, TNO and OMFS activity on behalf of the Trust performing from November 2024 until February 2025. Urgent clinical services are needed to address the rise in patient demand and patient backlog. Following a review of two suppliers from the NHS SBS Clinical Insourcing Framework, the trust was able to make an informed choice on the preferred supplier for a short term solution.

Given the wait time breaches and clinical risk, the trust did not have sufficient time to run a competitive process under the Provider Selection Regime, which is why a short-term contract (3 months) was entered into with Medinet Clinical Services Ltd.

The contract was awarded under the SBS Insourcing of Clinical Support Services framework, Framework Agreement Reference SBS10203
