Poor Performance, as part of its contract management procedures, the Contracting Authority and their CoPE. will use the Protocol for Managing Poor Supplier Performance contained in the Procurement documentation. The protocol sets out a series of five escalating stages to enable Contracting Authorities and their CoPEs to manage poor performance by suppliers. At Stage 5, as an alternative to terminating the contract, a notice of unsatisfactory performance can be issued to the Economic Operator. These notices remain current for the period of time stated in the protocol and an Economic Operator must declare, in subsequent procurement competitions, if it has received a current Notice of Written Warning or a current Notice of Unsatisfactory Performance within 3 years of the TP Submission Deadline. If an Economic Operator has received more than one current Notice of Written Warning the Contracting Authority/CoPE, at its discretion, can consider an Economic Operator’s exclusion from future procurement competitions, being undertaken on behalf of bodies covered by the Northern Ireland Public Procurement
